

These pages are freely offered to all Friends of Rupert with love and gratitude for your friendship.

If you are able to make a donation to Autism Pensacola, Inc., or some other organization which helps to provide iPads for children, we ask that you do so. Children with autism are often locked in a silent, lonely world. iPads offer a key to opening their world. More information on this program can be found here:

I owe a debt of gratitude to artist Tonia Bennington Osborn for creating such wonderful images, and for helping to change the world – one bunny hug at a time.

Special thanks to author Rayne Storm for her assistance with the puzzle pages.

Thank you for being a Friend of Rupert.
